

Saguaro National Park (West)

Naturalist Program Schedule

Programs meet at the Red Hills Visitor Center, 2700 N. Kinney Road, and last 30 to 45 minutes, unless noted otherwise. Program schedules are subject to change. Call the visitor center at (520) 733-5158 for updates. See www.nps.gov/sagu for other programs. *Programs marked with an * are wheelchair accessible.*

February 15 - February 21, 2010

Monday – February 15

10:45 a.m. Mysterious Mammal .75 mile, 1 hr. Hike

Sonoran Desert mammals are seldom seen, but they are present in great diversity and numbers. Where are they? How do they survive in the desert climate? Come along to learn the answers.

11:45 a.m. Rattlers! Patio Talk*

Explore the life and lore, myths and misunderstandings concerning one of the desert Southwest's most intriguing icons.

1:15 p.m. Birdless Bird Walk Easy 100 yard Walk *

Have you heard a bird call you didn't recognize? Have you seen a bird new to you and wonder what it is? Even if no real birds actually grace us with their presence, we'll show you what the common birds look and sound like.

2:15 p.m. Life on the Edge: Plant And Animal Survival Strategies Easy 100 yard Walk*

Adaptations to seemingly harsh conditions allow many species to survive and even flourish, but will desert plants and animals be able to weather climate changes?

Tuesday – February 16

10:45 a.m. Life on the Edge: Plant And Animal Survival Strategies Easy 100 yard Walk*

Adaptations to seemingly harsh conditions allow many species to survive and even flourish, but will desert plants and animals be able to weather climate changes?

11:45 a.m. Synergy in the Desert: The Sonoran Habitat Illustrated Talk + 50 yard Walk*

For all of life, "the whole is greater than the sum of the parts" is true. The iconic Saguaro is the focal point for a discussion of how the parts of the Sonoran Desert work together to create a rich living desert that is unique in the world.

2:15 p.m. Meet the Cuckoo of the Desert Illustrated Talk*

Learn about the natural history, behaviors and fascinating facts about this colorful creature: the Roadrunner.

3:15 p.m. Life on the Edge: Plant And Animal Survival Strategies Easy 100 yard Walk*

Adaptations to seemingly harsh conditions allow many species to survive and even flourish, but will desert plants and animals be able to weather climate changes?

Wednesday – February 17

10:45 a.m. Lost and Gone Forever 1.5 mile, 1.5 hr. Hike

Learn how species become threatened, endangered or extinct. What are the consequences of habitat loss or climate change to those that call this place home?

11:45 a.m. Synergy in the Desert: The Sonoran Habitat Illustrated Talk + 50 yard Walk*

For all of life, "the whole is greater than the sum of the parts" is true. The iconic Saguaro is the focal point for a discussion of how the parts of the Sonoran Desert work together to create a rich living desert that is unique in the world.

1:15 p.m. Desert Communication 1 mile, 1.5 hrs. Walk

Desert plants, animals, and people need to communicate with each other to create a vibrant functioning habitat. This program will explore the realities and theories of desert communication thru the ages.

2:15 p.m. Those Who Came Before Patio Talk*

Learn about the Hohokam (those who are gone), who inhabited this area from A.D. 300 to A.D. 1450.

Thursday – February 18

10:45 a.m. Desert Sojourn *Patio Talk**

Find out why this human perceived “harsh” environment is “Heaven on earth” for animals and plants.

11:45 a.m. Lost and Gone Forever *1.5 mile, 1.5 hr. Hike*

Learn how species become threatened, endangered or extinct. What are the consequences of habitat loss or climate change to those that call this place home?

1:15 p.m. Ancient Graffiti *Illustrated Talk**

Learn about the different kinds of rock art from the past, who made them and how we determine their age.

2:15 p.m. Geology of the Tucson Mountains *Patio Talk**

This program explores how the Tucson Mountains came to be where they are now, their composition and forces that built and continue to shape them.

3:15 p.m. Signs of Life in the Desert *.5 mile Walk*

Enjoy an easy walk around the Red Hills Visitors’ Center to look for evidence of animal life.

Friday – February 19 ?
